## **Minimum Order Amount**

We have a minimum order spend of £350.00 per wedding order.

## **Meetings**

Your first consultation to get a quote from us is free and no obligation (or requirements for getting a quote can be done over email or phone call). After your first meeting, if you would like any further meetings there is a £10.00 fee for each meeting. Meetings are needed if there are any major changes in your order, otherwise any changes can be discussed by email or phone call (unless major changes as said above).

## **Booking Fee Amount**

The booking fee for your wedding flowers is worked out by 30% of the total, for example if your wedding flowers come to £500 your booking fee would be £150. Your wedding flowers booking will be secured when you pay the booking fee.

## **When your final balance is due**

Your remaining balance is due 1 month before your wedding day. Once the booking fee is paid you can pay any amount off in instalments or pay the remaining balance off all in one go either 1 month before your wedding day or even beforehand.

### **If your wedding is more than 1 month away...**

Because your wedding is over 1 month away we can't guarantee flower prices from this far away for your wedding due to brexit & covid making prices of flowers unpredictable, so when bride & groom books us when their wedding is more than 1 month away we create an estimated quote and the booking fee to secure us is worked out by the estimated quote (booking fee is 30% of the total). When it comes to a year away from your wedding we will then revise the quote and work out if the price of flowers have gone up in price at all, we can only do this when it comes to 1 month away because we have a better idea of prices for that year. Flower prices are very up and down and over the last year they have been going up quite a bit and are a bit unpredictable. But once the quote is revised when it comes to 1 month away it then becomes a fixed quote and there would be no further revisions to the quote and prices will then be fixed.

### **Collection or Delivery of Flowers**

Both is available, depending on the size of your order and requirements to securing certain flower designs delivery and set up is required. But smaller wedding orders can be collected. Delivery and set up is worked out and quoted by ourselves.

### **Props**

Props that are hired from us must be returned to us the day after your wedding either by yourself or we can collect them from the required address at an extra charge for petrol and time. Any breakages of props must be paid for and will be stated on your invoice if this happens.

### **Payments**

Payments can be made by bank transfer or cash. A receipt will be sent by email once payment is made.

Any questions please do not hesitate to ask.
